I/we agree to maintain marine hull and public liability insurance covering the yacht, boat or watercraft owned by me/us and stored on the property or moored in the anchorage of the Buffalo Canoe Club on Abino Bay, which coverage shall include such ancillary equipment such as spars, sails, motors or outboard motors, radios and other electronic devices, trailers and cradles, and all other ordinary and customary equipment. It is further acknowledged and accepted that:

- a) The Buffalo Canoe Club assumes no liability for loss or damage to such property or the like property of others by reason of acts of God, or due to wind, water, weather, lightning, fire, theft, burglary or vandalism.
- b) The Buffalo Canoe Club is not a bailee of such property and assumes no responsibility or liability for acts of negligence on the part of its officers, directors, members, guests, invitees or employees pertaining to such property while it is on Club premises.

**Appointment of Buffalo Canoe Club to Act as Agent  
For American registered vessels only -- pursuant to Canada Border Services Agency,  
"Temporarily Leaving a Vessel in Canada for Repair or Storage"**

Full Name (required): \_\_\_\_\_

Home Address (required): \_\_\_\_\_

Contact Phone Number(s) (required): \_\_\_\_\_

The Buffalo Canoe Club will provide the following services with respect to my boat:

- Storage
- Repair

**\*\*Detailed work order and/or storage agreement MUST be attached, including the  
expected completion date\*\***

**CBSA Storage Agreement:**

The vessel(s) will be on the premises of the Buffalo Canoe Club for the duration of the work order and/or storage agreement.

I understand that the maximum vessel retention period in Canada without the payment of duty or taxes is normally 12 months for storage and 18 months for repair and that extensions may be possible. I further understand that while in Canada for repair or storage, the vessel may not be used for leisure or any commercial enterprise; it may not be sold or leased/rented and it must be exported upon completion. Lastly, I understand that at the end of the storage period or once my vessel is repaired, it may not be returned to the U.S., and then it may be imported back to leisure use or remain in Canada at the end of the CBSA Authorization Period (see below); rather it must be exported, i.e., returned to the U.S., and then it may be imported back to Canada for temporary leisure use, e.g., the Summer sailing season.

Accordingly, I hereby appoint the Buffalo Canoe Club, my service provider with respect to any storage or repair services for my boat(s), to act as my agent. The Buffalo Canoe Club is located at 4475 Erie Road, Ridgeway, ON L0s 1N0; telephone number (905) 894-2750. The General Manager is Rob Cheevers and the Marina Services are managed by Gary McKee.

- I understand and agree to the terms of the CBSA Storage Agreement.**

**CBSA AUTHORIZATION PERIOD:**

This authorization shall begin on \_\_\_\_\_, 2017 and terminate on \_\_\_\_\_, 2017.

Dated this \_\_\_\_\_ day of \_\_\_\_\_, 2017 by \_\_\_\_\_.

**Signature:** \_\_\_\_\_

2018 Launch Requirements: Any boat being stored in the main lot area (West side

**2018 Launch Requirements:**

Any boat being stored in the main lot area (West side of the BCC property along the main entrance drive) must have a 2018 launch date prior to or on June 22, 2018. Any boat remaining in the main lot area after June 22, 2018 will be relocated to the East side of the BCC property at the owner's expense. In addition, any boats remaining past the June 22 launch deadline may forfeit storage space in the main West lot for future storage seasons. If your plans call for a later launch date next season, please notify the Marina Office prior to haul out so your boat can be located in the East lot for the upcoming storage season.

**Agree to the 2018 Launch Requirements**
